Description
The second edition continues to teach students the critical skills of legal reasoning. This updated book is a practical and clear guide that explains the basic legal concepts and the law. The authors discuss legal analysis by examining the elements of legal reasoning and legal problem solving, and discussing the difference between legal reasoning and legal problem solving. The book explains the importance of legal reasoning in a practical way, and includes a number of practical examples. The second edition, the book will continue to be a valuable resource for students and practitioners alike. The book is available in paperback, hardcover, and digital formats. Copyright © 2014.
